

# CONSTIX® Sealed Polyester Swab SP-6

## Double layer sealed knitted polyester swab

CONSTIX® SP-6 sealed polyester swab consists of 100% knitted polyester fabric that is thermally bonded to a long flex-tip polypropylene handle. Constructed without adhesives or binders, the swab head is made of cleanroom laundered, double layer knitted polyester. The swab is compatible with most solvents, such as alcohols and ketones. The SP-6 swab is durable, absorbent and features extremely low particles and residue levels.

| Features                | Benefits                                                                                                                                                                                    |
